Unchecked by external truth, the mind of man has a fatal facility for ensnaring, entrapping, and entangling itself. But, happily, happily for the human race, some fragment of physical speculation has been built into every false system. Here is the weak point. Its inevitable destruction leaves a breach in the whole fabric, and through that breach the armies of truth march in. Sir H. S. Maine. MYTH: ITS BIRTH AND GROWTH. CHAPTER I ITS PRIMITIVE MEANING. It is barely thirty years ago since the world was startled by the publication of Buckle s History of Civilisation, with its theory that human actions are the effect of causes as fixed and regular as those which operate in the universe; climate, soil, food, and scenery being the chief conditions determining progress. That book was a tour de force, not a lasting contribution to the question of man s mental development. The publication of Darwin s epoch-making Origin of Species[1] showed wherein it fell short; how the importance of the above-named causes was exaggerated and the existence of equally potent causes overlooked. Buckle probably had not read Herbert Spencer s Social Statics, and he knew nothing of the profound revolution in silent preparation in the quiet of Darwin s home; otherwise, his book must have been rewritten. This would have averted the oblivion from which not even its charm of style can rescue it. Its brilliant but defective theories are obscured in the fuller light of that doctrine of descent with modifications by which we learn that external circumstances do not alone account for the widely divergent types of men, so that a...
