

## Dependence of Aeromacs Interference on Airport Radiation Pattern Characteristics

Dependence of AeroMACS  
Interference on Airport  
Radiation Pattern Characteristics

NASA Technical Reports Server  
(NTRS), Jeffrey D. Wilson

Filesize: 6 MB

### ***Reviews***

*This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.*

To save **Dependence of Aeromacs Interference on Airport Radiation Pattern Characteristics** eBook, make sure you access the web link beneath and download the ebook or gain access to additional information that are relevant to **DEPENDENCE OF AEROMACS INTERFERENCE ON AIRPORT RADIATION PATTERN CHARACTERISTICS** ebook.

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. AeroMACS (Aeronautical Mobile Airport Communications System), which is based upon the IEEE 802. 16e mobile wireless standard, is expected to be implemented in the 5091 to 5150 MHz frequency band. As this band is also occupied by Mobile Satellite Service (MSS) feeder uplinks, AeroMACS must be designed to avoid interference with this incumbent service. The aspects of AeroMACS operation that present potential interference are under analysis in order to enable the definition of standards that assure that such interference will be avoided. In this study, the cumulative interference power distribution at low earth orbit from AeroMACS transmitters at the 497 major airports in the contiguous United States was simulated with the Visualyse Professional software. The dependence of the interference power on the number of antenna beams per airport, gain patterns, and beam direction orientations was simulated. As a function of these parameters, the simulation results are presented in terms of the limitations on transmitter power required to maintain the cumulative interference power under the established threshold. This item ships from La Vergne, TN. Paperback.
