It was with a view to disclose to the inhabitants a scene of abuse, artifice and peculation practised in the township, that I first excited this investigation; and though many obstacles have been thrown in my way, by those who should have countenanced the proceeding, yet they have not deterred me from prosecuting my original design. The information conveyed in the following pages, was intended to have been submitted to the consideration of the public, through the medium of town s meeting; therefore, if any apology be necessary for the mode in which it is now brought forward, it is due from those gentlemen who so unaccountably obstructed the regular and intended course of enquiry.
