Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Dominic Collins)

Oval Books. Paperback. Book Condition: new. BRAND NEW, The Xenophobe's Guide to the Scots, David Ross, "Innate instincts""A Scotsman likes to feel that, almost by instinct, he could guddle a trout (palm it out of the water) or gralloch a deer (disembowel it with his knife), even if he spends his day driving a bus or designing software."" "A kilty cover-up""If the Scots were to shed their seriousness, they would be noisier than the Neapolitans and wilder than the dancing Dervishes. Their reserve is not a defense against the rest of the world: it is a protective cover, like the lid of a nuclear reactor."" "Rob joy""Calvinism is still deeply ingrained in the Scottish soul. A Scottish poet, overcome by the joy of sunshine and blue sky, once cried out what a fine day it was. The woman to whom he spoke replied, "We'll pay for it, we'll pay for it."" "Cunning and clever""The Scots respect cleverness and like to feel that they possess plenty of it themselves. In Scotland there is nothing wrong with being clever, so long as you show it by words or actions, rather than by bragging. You don't have to hide it. To say of someone that "he has a good conceit of himself" is neither praise nor blame, just a statement of fact."
