Brand New Book ***** Print on Demand *****.George Rawlinson (1812-1902) was a prolific author about classical history, and History of Ancient Egypt is one of Rawlinson's most famous works. From the Library and Lighthouse of Alexandria to the Great Pyramid at Giza, the Ancient Egyptians produced several wonders of the world, revolutionized architecture and construction, created some of the world's first systems of mathematics and medicine, and established language and art that spread across the known world. With world-famous leaders like King Tut and Cleopatra, it's no wonder that today's world has so many Egyptologists. What makes the accomplishments of the Ancient Egyptians all the more remarkable is that Egypt was historically a place of great political turbulence. Its position made it both valuable and vulnerable to tribes across the Mediterranean and the Middle East, and Ancient Egypt had no shortage of its own internecine warfare. Its most famous conquerors would come from Europe, with Alexander the Great laying the groundwork for the Hellenic Ptolemy line and the Romans extinguishing that line after defeating Cleopatra and driving her to suicide.
