Llewellyn Publications, U.S. Paperback. Book Condition: new. BRAND NEW, Hands-on Chaos Magic: Reality Manipulation Through the Ovayki Current, Andrieh Vitimus, Who said magical training had to be so dry and complicated? In this instructional text, Andrieh Vitimus banishes the severe tone of other esoteric orders and instead proposes a more accessible and practical approach - a course of study for the average Joe. From discovering new meditation positions through random dance to sculpting energy into playful balls, puppets, and form - fitting body suits, Vitimus' exercises are fun and irreverent while still imparting the skills needed for serious self-study. "Hands-On Chaos Magic" emphasizes experimentation and finding out what works for you, and Vitimus makes it clear that pop magic is allowed. So you may want to try a spell from Harry Potter while assuming a Dragon Ball Z stance. Or maybe you'd like to bribe yourself into daily practice by 'kicking your mind's ass and then giving it candy'. By adopting a practical understanding of magical theory, readers will find magic easier to perform - and they'll achieve results more in line with their own notions of success.
